CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Girish Mehta, President
Prestige Environmental, Inc.
27 Progress Street
Edison, New Jersey 08820

Dear Mr. Mehta:

Congratulations! Your firm has been certified as a Participant in the U.S. Small Business Administration's (SBA) 8(a) (BD) program. Your nine (9) year program term begins on the date of this letter.

Additionally, your firm has been certified as a Small Disadvantaged Business (SDB) in the Federal Government's SDB program. Your term of participation in the SDB program is concurrent with your 8(a) BD certification.

During participation in the 8(a) program, you will receive business development assistance from an assigned Business Opportunity Specialist in the New Jersey District Office located at Two Gateway Center, 15th Floor, Newark, New Jersey 07102. The phone number is 973/645-2531. The District Office will also be able to provide you with information on the SDB program and its benefits.

Your firm will become eligible to receive 8(a) contracts after you submit a business plan using SBA Form 1010C and receive SBA's approval of the plan. We are sending a copy of this certification letter to the SBA New Jersey District Office. That office will send you the business plan form.

SBA requires that the President or Chief Executive Officer sign the Participation Agreement to show that he or she understands the conditions of 8(a) BD program participation. Please read the Agreement, sign and date and return it to the SBA New Jersey District Office at the address shown above. The second copy is for you.

Even though your firm's approved Primary Standard Industrial Classification (SIC) Code is 8744, your firm may be awarded contracts under other SIC Codes, as long as the firm is qualified to perform. In this regard, please note that contracts awarded under 8(a) BD program authority generally result from the self-marketing efforts of the 8(a) firm. While your firm's acceptance into the 8(a) BD program is not a guarantee of contract support, SBA will make every effort to provide you with assistance in your marketing efforts.

We welcome you as an 8(a) program participant and look forward to working with you.

Sincerely,

Jose Gutierrez
Associate Administrator for
8(a) Business Development

Re: Engineering Consultant Prequalification

Dear Mr. Mehta:

This letter acknowledges receipt of your firm's completed Prequalification package. Prequalification information you provided has been entered into our computer database and documents that your firm is prequalified for the following service group/profile codes: C194, C195, and C196.

Prequalification information is deemed valid for a period of two years and your Prequalification will expire on June 29, 2007. To maintain prequalification after that period, you are required to file updated information. You are also expected to inform the Authority if there is a change in the information within the two-year period, if the change would act to affect the prequalification status.

Please be advised that as of May 1, 1998 Expression of Interest (EOI) Solicitations will only be posted on the New Jersey Turnpike Authority's Web site (www.state.nj.us/turnpike) under the locations entitled Business Center then "Professional Services". The following information is available:

- Prequalification of Consultants for Engineering, Architectural and Environmental Services - Consultant requirements for prequalifications and prequalification forms.
- Expression of Interest - Current solicitations, including a list of the prequalified consultants for each solicitation.
- Consultant Selections - For the previous month, posted after Turnpike Authority Commission approval and passage of the Governor's veto period.

- Anticipated Services - Anticipated Expression of Interest Solicitations for the current quarter.

Thank you for your interest in providing engineering consulting services to the New Jersey Turnpike Authority.

Very truly yours,

Dear Girish,

We would like to personally thank you and your staff for all your help with all our environmental problems, budgets and time restraints regarding our Hoboken, New Jersey site.

If it wasn't for all your knowledge, expertise and careful guidance with all the tedious details, we would have never obtained the "No Further Action" letter from the Department of Environmental Protection. Without your support, we would never have seen this project come to completion that enabled us to sell this property.

Please feel free at any time to call on us for a recommendation to other clients when necessary.

Thank you again.

Sincerely,

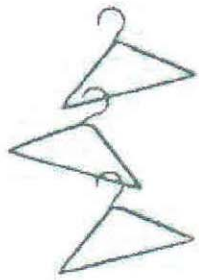

Jonathan Rieff

Re: Sgroi v. Kimber Petroleum, Royal Cleaners, et al. Docket No.
MRS-1-3966-98

Dear Girish:

I am pleased to inform you that the lawsuit against my dry cleaning business Royal Cleaners was recently dropped by the adversaries. No payment was required to settle the case. I am grateful for your diligent efforts, especially the July 2002 'Expert Report' which finally put an end to the nightmare.

Sincerely,
